

UMW GARDEN

The UMW Garden mission is to grow a variety of vegetables to help serve the needs of Lunch Break for fresh produce and to share half of the bounty with our congregation.

Each year we have exceeded the previous year in the poundage harvested. Last year we totaled 447 pounds of produce.

The Garden is located at Fair Haven Fields on the North Side of Fair Haven Road. We use the same driveway as Christ Church United Methodist.

Our garden plots are located at the far left corner closest to the driveway.

Most of our gardening sessions are on Saturday mornings. We begin in May with our fence set up and plantings. Then meet most Saturday's for an hour to do garden maintenance and pick the ripe vegetables. It's a great way to start your weekend!

We always need more help in the garden. If you are interested in helping or just being updated on the garden please e-mail Cyndi Skove at cyndiskove@comcast.net and I will put you on the garden e-mail list.

You can help a little or a lot! I send out weekly e-mails with information on our next garden session and what needs to be done. If you'd like to join us for a garden session just show up and we'll put you to work.

Happy Gardening!
